RoHS Compliance – 2009

Superior Flux & Mfg. Co. manufactures no Liquid and Tacky flux or Lead-Free solder pastes that contain materials in violation of the Restriction of Hazardous Substances (RoHS).

These products contain no:

- Lead
- Mercury
- Cadmium
- Hexavalent chromium
- Polybrominated Biphenyls (PBB)
- Polybrominated Diphenyl Ethers (PBDE)

Superior Flux & Mfg. Co.'s in-house RoHS requirement from all vendors requires that all raw materials must pass material analysis in order to meet the safety, health, and quality standards for acceptance and use at Superior Flux.

Best regards,

Linda D. Cohen
